

Scenes from ROP Fire Science

Photo by Ken Johnson

A helicopter from CALSTAR, the medical emergency rescue organization, lands on the fields of **California High** for a demonstration to ROP Fire Science students, arranged by team teacher Ken Johnson

Robert Aguero, Austin Von Rotz, Troy Shannon, and Brandon Hagan check out the San Ramon Valley Fire District fire truck during the ROP Fire Science class at **California High**

When ROP instructor Ken Johnson organized Fire Muster Day at California High last spring, both Sara Fernandez and Brianna Bickford participated with enthusiasm, as they plan on careers in firefighting.

“In this class, we do a lot of hands-on activities that give you a feel for what the career is actually like,” says Sara. “There’s always a challenge. You get to work with people and help people.”

ROP students Brianna Bickford and Sara Fernandez planned to continue their Fire Science studies at Las Positas College

Auto Skills Competition

Spencer Worthington and Justin Pribilovics-Wade, of **Campolindo High**, flank ROP Instructor Steve Boone at the Ford/AAA Auto Skills State Competition held at the Blackhawk Museum in Danville last April. The Campolindo team took 4th place.

First Place Web Design Award

Daniel Salcedo of **Freedom High** displays a Certificate of Recognition from the U.S. Congress commemorating his Web design that won first place in the “Peace Through Art and Writing Challenge” sponsored by the Mt. Diablo Peace and Justice Center last May. Daniel took ROP Web Design from Tug Sezen at Freedom High.
