

Health and Bioscience Careers

Haley Flavio and Victoria Acosta, in Bonnie Schar-Hagmaier's ROP Sports Medicine class at **San Ramon Valley High**, look over a medical exhibit at the Health and Bioscience Career Fair at the Marriott in San Ramon.

Students from Shane Borchert's ROP Sports Medicine class at **California High** check out the exhibit room during a field trip to the Health and Bioscience Career Fair at the Marriott Conference Center in San Ramon.

Students from Julie Mello's ROP Sports Medicine class at **Monte Vista High** attend the Health and Bioscience Fair.

"I am looking forward to the challenge of becoming the best nurse possible and I am willing to push myself to achieve that goal."

—ROP Sports Medicine student

ROP Medical Assistants Prepare for Clinical Internships

After finishing the classroom portion of their course, students in Jennifer Martinez's ROP Clinical Medical Assistant class at **Prospects** prepare for internships at Kaiser and other local medical facilities. Jennifer Martinez (far right, front row) recently won an award from the Association of California School Administrators (ACSA) for her outstanding contribution as an ROP teacher.

CAD Design Challenge

Clorox representatives Russ Bell and John Jamieson congratulate the design team of Cody Zahner, Brianna Carrillo, and Kylie O'Shea during a CAD Design Challenge in Jeff Smith's ROP CAD class at **Alhambra High** on April 23. Over 60 students presented their design proposals in this event and, like *American Idol*, the audience voted for their favorites. Four other teams from this class are also to be congratulated for their innovative designs.

CAD Class Builds Model

Students in Tony Tammer's ROP CAD class at **John Swett High** work on modeling a Cat Rike Tadpole recumbent tricycle. Parts were donated by the manufacturer. Modeling includes exact metric measurements and CAD programs.
